

## GM Protection Plan and Saturn Service Plan. Extended service plans that extend your revenue.

Not all extended service plans are created equal. The best ones keep your service bays busy. They make growing your revenue faster and easier. In short, the best ones are GM Protection Plan and Saturn Service Plan: a full circle of custom-fit, business-building solutions brought to you by GMAC Insurance. There's one for every selling opportunity; new, pre-owned, leased or financed. Backed by dedicated Account Executives who'll guide you in making the most of your F&I business. With technology and personalized service that makes us the benchmark of the industry.

### Endorsed by General Motors

Not all extended service plans are supported equally. Only GM Protection Plans are genuine GM - the only extended service contracts endorsed by General Motors for GM vehicles. As the only products that allow access to the entire GM nationwide service network of dealerships across the U.S. and Canada, they are the best products to drive customers into your service department, and the best products to deliver front and back-end profitability to you.

### Yes, there is a difference in extended service plans

The difference is GMAC Insurance. Visit [gmprotectionplan.com](http://gmprotectionplan.com) or call 877-357-8477.

### Coverage Choices

All GM Protection Plans provide coverage for parts and labor in the event of mechanical failure beyond the warranty period - even if it results from wear and tear.\*

**Major Guard** covers virtually every vehicle component, and includes roadside assistance and alternative transportation.

**Value Guard** covers nine major assemblies for new and used vehicles, and includes towing and alternate transportation.

**Basic Guard** provides economic, essential coverage for new or used vehicles on four critical assemblies and includes towing.

**Smart Protection** covers virtually every vehicle component, and includes roadside assistance and alternate transportation for leased vehicles.

*\*Kentucky state law requires coverage be limited to defects in materials and workmanship.*
